Leaders of DePaul University's Protestant Christian Student Religious Organizations

Something to Look Forward To:

*My beloved speaks and says to me,
"Arise, my love, my fair one, and come away;
for lo, the winter is past,
the rain is over and gone.
The flowers appear on the earth;
the time of singing has come,
and the voice of the turtledove*

*is heard in our land. The fig tree puts forth its figs,
and the vines are in blossom; they give forth fragrance.
Arise, my love, my fair one, and come away."*

Song of Solomon 2.10-13

Winter Quarter Update

On January 7th Brothers And Sisters In Christ (B.A.S.I.C) came back together for our first planning session for Winter Quarter. We are continually grateful for the committed turnout from each SRO.

Taking time out of your schedule to commit to the spiritual development of the Christian community at DePaul is a labor that is not in vain. Thank you.

The first service project is happening this February! We are excited to have our first experience as a group and look forward to future dates with others from your organizations. Keep ideas coming! Look for future dates of action to offer service to each other and our greater community.

"Just" Surfing to Serve Justly

With an infinite number of websites out there, it is easy to find ways to serve God and work for justice, even from the comfort of your own dorm room, apartment, or home; you just need to know where to look. A great example of such a website is www.thehungersite.com. This website allows one click per computer per day. Each click will make a donation to a cause at no cost to you (paid for by sponsors of the website). The website has six tabs, each of which can be clicked on daily, including The Hunger Site, The Breast Cancer Site, The Children's Health Site, The Literacy Site, The Rainforest Site, and The Animal Rescue Site. You can even download a program from the website which gives you an automatic daily pop-up of the website so you never forget to click! Please check out this website because it is a really fantastic website and does some great things in the world!
