*NOTE: More members than listed, however, number is reflective of those who were calculated into chapter average. (Students would not be computed with if they were studying abroad, and grades were not available at time of calculation, or student was not enrolled for a quarter)

**NOTE: Number is reflective of total members on rosters, which is higher than the number used to calculate grades because of * listed above.

~All fraternity and sorority average calculated from the 3 council averages -- Calculations are reflective of averages of grade point averages of individual members ~ Philanthropy, Community service and indirect service is self reported information, blanks exist because of no report.
